

# FAST FACTS ABOUT GR<sup>2</sup> CONTROL® THERMOGENIC ENHANCER

Successful weight loss involves the synergy of multiple body processes, like metabolism and energy utilization. Additionally, the act of losing weight can tax the body, resulting in a reduced feeling of wellness, such as sluggishness, tiredness, and irritability. Certain herbs work with the body to maximize these processes for effective weight loss, maximum energy, and a general feeling of well-being. GNLD's GR<sup>2</sup> Control Thermogenic Enhancer is an effective blend of seven herbs to support your body's natural metabolic process of energy utilization without the use of potentially harmful stimulants.

## WHY CHOOSE HERBS FOR WEIGHT LOSS?

- Herbs have been proven effective from centuries of use.
- Herbs are nature's solutions to wellness and weight loss challenges.
- Herbs work naturally and gently to support the body's natural metabolic process of energy utilization.
- Herbs have been shown to restore the body's balance and help the body perform at its vital best.
- Herbs have been shown to enhance energy levels and increase the body's metabolic rate.
