

# Formula For A Terrific Day!

As a schoolteacher and mother of three, Andi Lunsford thought her low energy was “just a part of life.” But when she ran into a friend of hers who seemed to have more energy than ever, Andi asked what her secret was. “She told me about GNLD’s Formula IV with Tre-en-en® Grain Concentrates—and I told her I wanted to try it.”

Within a few short weeks, Andi was feeling terrific! “I describe it as an *absence of fatigue*. I quickly started feeling like my old self again. I never realized how bad I was feeling until I felt good again. I’ll be taking Formula IV for a long, long time!”
